

**Jimi Hendrix once famously asked the world...*ARE YOU EXPERIENCED?* And ever since, the world has been waiting for that chance... THIS IS IT...**

**KISS THE SKY!**  
**the JIMI HENDRIX "RE" - EXPERIENCE TRIBUTE**

KISS THE SKY is the ONLY Jimi tribute to feature the longest running Hendrix performance specialist in the world, Jimmy Bleu. A virtuoso left-handed guitarist, just like Jimi Hendrix, he can make all his famous moves, playing guitar behind his back, head, between his legs and with his teeth!!!

KISS THE SKY is also the ONLY Hendrix Tribute in the world to re-create classic Hendrix concert sets with historical accuracy in both look and sound through authentic 60's retro wardrobe and replica musical instruments played with all the energy and bombastic guitar work of Jimi Hendrix.

KISS THE SKY is the ONLY Hendrix Tribute complete with the licensed "Joshua Liquid Light Show" and docu-video elements to re-make his most iconic moments on stage... The guitar on fire at *Monterey Pop '67*, the blues of the *Fillmore '68*, the electric guitar *National Anthem* at *Woodstock '69*, the funky *Band of Gypsys* & *Isle of Wight* in '70 and more!

PLAYING ALL THE BIG HITS... *FIRE, HEY JOE, FOXY LADY, VODOO CHILD, PURPLE HAZE, WATCHTOWER, MACHINE GUN, LITTLE WING, WILD THING* and more...

In 2016 KTS gained national fame when featured on the season finale of the AXS-TV channel show 'World's Greatest Tribute Bands', broadcast live to 48 million households. From there, KTS completed their first national USA tour to rave reviews.

Endorsements from not only the press but even Jimi Hendrix's own former bandmates, like **Buddy Miles (dec.) and Billy Cox, Juma Sultan, and Gerry Velez**, who also perform with Kiss The Sky on special occasions, are a testament to the authenticity and vision of this show.

**Billy Cox, Hendrix Bassist and band mate with Band Of Gypsys:**

*"Jimmy Bleu is the real deal. A Jimi Hendrix aficionado"*

**Juma Sultan, Percussionist with Jimi Hendrix Woodstock band - the Gypsy Sun and Rainbows**

*"When it comes to performing Jimi's music, I don't impress easily and there is no question that KTS is the most detailed and historically accurate Jimi tribute show I've seen. Jimmy Bleutruly brings the Hendrix spirit to the stage. And that is no small task. They have my full endorsement."*

**Katie Daryl, Host and producer of AXS-TV show 'The World's Greatest Tribute Bands':**

*"Kiss The Sky is spectacular! So often with tribute bands people say close your eyes, they sound just like them, but with Kiss The Sky you MUST keep your eyes open because the guitar playing, vintage gear, costumes and stage presence of the band is so very precise and out of this world your jaw will drop!"*
